«PRECIOUS METALS. PRECIOUS STONES»		[РМ/РС]
№ 10(178) 2008		
CONTENTS		
FORMAT OF THE FUTURE		
<u>RUSSIA-BYELORUSSIA</u>		
P.P.BORODIN. It is necessary to support initiative of scientists and specialists.....14		
The state secretary of Union of Byelorussia and Russia supports creation Byelorussian-Russian the association of sun-hydrogen energy (BRASVE) for speed-up advancement of both countries on an innovative way and creation of base technologies of the sixth technological mode in industry.		
<u>POINTS OF GROWTH</u>		
Direct action law — as soon as possible. Open letter to the Chairman of the Federation Council S.M.MIRONOV18		
Business community of the industry draws attention to the necessity of urgent legislative solving of the problem which hinders development of the regions and the entire country. The issue refers to the impairment of civil rights of the population conducting individual business in places of their residence in Siberia, Far East and Far North - namely, it concerns the criminal prosecution of individual artisan gold-miners, which fact is especially intolerable in the state of financial and economic crisis.		
Concept of innovative mega-project "Triangle of Light" ("Reduction of shady circulation of jewels in Russia")20		
The concept substantiates reduction of jewels' shady circulation in precious metals and precious stones mining and processing locations by re-establishment of free-yielding — that is, the right for individual business.		
RDMK-2008		
Tenth international business conference		
"Russian Precious Metals and Gemstones Market: Today's Situation and Future Developments" (Moscow, November 5 — 6, 2008)24		
RPMG-2008 will be held with a view of the large-scaled historical task, which is facing Russia — the development of modern Russian market economy that will be able to double national gross domestic product by 2010.

<u>COMMITTEE of RF CCI</u>		
About the Federal law on the selfmanaged organizations27		
<u>ACCOUNT AND CONTROL</u>		
Account of precious metals and gemstones on a modern enterprise32		
<u>ROUND CRISIS</u>		
Ministry of finance of Russia: official information34		
The USA, Israel, China... further everywhere?35		
<u>FORMAT of VAGUENESS</u>		
World Bank and IMF watch after this process36		
A.G.AGANBEGYAN. Armenia lost the chance to become one of world jeweller centers37		
OPINIONS		
<u>CRISIS IN THE INDUSTRY</u>		
New challenges — a downfall or a take-off?38		
Golden rule of the crisis41		
Decline does not guarantee the following upsurge44		
The crisis has got down to the diamonds51		
Get ready — the dominoes principle!54		
This is not a drawback for luxury56		
THE STATE AND THE MARKET		
<u>LEGISLATION</u>		
Metals of platinum group are given a "manumission"58		
The government has approved the license revocation procedure60		
<u>LAW APPLICATION</u>		
Today and tomorrow of Russian stream-gold mining61		
Criticism by D.A.Medvedev is acknowledged as fair63		
Chukotka will bring the mining level up to 30 tons of gold64		
NORNICKEL is ready to provide for 100 per cent of palladium demand in RF66		
Diamond front67		
The state takes care of the collectors72		
Our neighbors got "gold fever"73

EQUIVALENT		
<u>MAGAZINE INSIDE THE MAGAZINE</u>		
	Hydrogen Energy, nanotekhnologii and Platinum group Metals.....	162
	"Equivalent" is a journal in journal which highlights on the DM/DK's pages the issues related to the development and implementation of high technologies on the platinum group metals market in connection with the development of hydrogen energy. It is edited by the Vice President of the Council of Experts for High Technologies, Doctor of Chemical Sciences, Professor A. A. EVDOKIMOV.	
	A.G.ZABRODSKY, S.O.KOGNOVITZKY (St-Petersburg).The new solar-and-wind hybrid energy device.....	163
	The project's goal is to develop, on the basis of Russian high technologies, a new generation compound system of independent power-supply. In the core of the system is hydrogen fuel element. The fuel is produced as a result of water electrolysis facilitated by means of electric energy obtained from the primary sources, such as solar cell battery and wind generator.	
	V.A.PIBNYUK. Why solar-and-hydrogen energy?.....	168
	In the opinion of vice-president of OAO GMK "Norilsky Nickel", today in Russia and in the entire world there is no alternative to the priority and decisive development of solar-and- hydrogen allocated energy, for the purpose of stable energy supply.	
	Presentation of the manufacture of catalytic systems by NPK "Super-metal" and UMICORE AG & Co.KG Platinum Engineered Materials (Germany).....	172
	At the industrial site of NPK "Super-metal" there has been conducted a presentation of the new production modular catalytic systems made of platinum metals alloys for ammonia oxidization. Participating in it were over 60 representatives of scientific and industrial enterprises, business and public organizations from Belgium, Germany, Russia, Ukraine, and Lithuania.	
	V.A.YASTREBOV. Technologies and materials in the production line at fsue SIC "Supermetal".....	174
	The technology with microalloying of refined platinum and plasma-arc remelting, enables to produce thin platinum wire with required thermoelectric properties.
