Demand and Supply on the Palladium Market.....	172
---	-----

There is no sense to wait for the decrease in prices for platinum and palladium as the demand for these metals on the market still remains high. Is established, that the implementation of process in a field of operating of intensive centrifugal efforts results in a classification of products of hydrogen sulphide decomposing. It promotes increase of a degree of hydrogen sulphide decomposing. The formation of polymer sulfur as padding product of the given process is marked.
