CONTENTS		
G8: SUMMIT-2006		
"KNOWLEDGE TRIANGLE"		
Education, research and innovation in environment of fast changes.....14		
<p>As it was agreed in Summit-2006 in Saint Petersburg, conditioning of citizens of G8-countries for living in environment of fast changes must be realized by means of development and integration of all three elements of "knowledge triangle" (education, research and innovation). All this also directly relates to staffing of diamond-brilliant and gold-platinum branch.</p>		
V.V. LUNIN. What can we do now for future education and future science?..... 18		
<p>Member of Russian Academy of Sciences, Dean of Department of Chemistry of the Lomonosov Moscow State University emphasizes the necessity of urgent state support of education and science in Russian institutes of higher education. In his opinion, the research and educational center "Sokolynaya Gora", what purpose is the research of platinum-group metals and hydrogen energy, deserves a special attention.</p>		
BRANCH OUTLOOK		
Economic documents of G8' Summit-2006 and branch development....24		
<p>Documents of Summit-2006 animate the development of branch in the most problem directions — the Committee of the Ninth International Business Conference "Russian Market of Precious Metals and Stones" (RPMS-2006) has come to such conclusion and thereby returned the lead of editorial staff of the branch journal "Precious Metals. Precious Stones" ("PM/PS") and Russian Jewellery Network on conducting a press conference on this subject in ITAR-TASS. Four co-chairmen of RPMS-2006 — E.M. Bychkov, Y.A. Kotlyar, A.S. Sygov, M.Y. Pyskulov — and also the vice-president of CB Gazprombank Y.V. Cherny invited by the committee of RPMS-2006 have answered questions of newspersons.</p> <p>The print of the audio-recording from this press conference is published in "Precious Metals. Precious Stones".</p>

TOWARD RPMS-2006		
History of branch (1994 — 2004).....47		
<p>On the threshold of RPMS-2006, the editorial staff of "PM/PS" invites its readers to remember some important milestones in the history of development of civilized market relations in the branch in connection with future work in their further liberalization, taking into account the documents of Summit-2006.</p>		
Recommendations of participants of RPMS-2005 on liberalization of Russian market of precious metals and precious stones.....79		
Exchange of views before and after the press conference in ITAR-TASS.....90		
<p>Editors of "PM/PS" present basic materials on the branch-level discussion of economic documents of Summit-2006 published during preparation for press conference of August 03 in ITAR-TASS and after this by participants of annual conference RPMS-2006.</p>		
RPMG-2006		
Eighth international business conference "Russian Precious Metals and Gemstones Market: Today's Situation and Future Developments" (Moscow, November 1 — 3, 2006).....100		
<p>RPMG-2005 will be held with a view of the large-scaled historical task, which is facing Russia — the development of modern Russian market economy that will be able to double national gross domestic product by 2010. That's why the specific business proposals of Russian and foreign companies with a view of mutually beneficial cooperation will be also reviewed.</p>		
MARKET		
ANNIVERSARY MILESTONES		
A well-known Moscow factory celebrates its sixtieth anniversary108		
<p>Representatives of the RF Ministry of Finance, Assay Office of Russia, RF Chamber of Commerce and Industry, the Ministry of Property Relations, Government of Moscow and other official persons congratulated FGUP MZSS (Moscow Factory on Special Alloys Processing, the Federal State Unitary Enterprise) on its sixtieth anniversary.</p>		
Questions to pioneers of Russian jewellery platinum market..... 109		
<p>In the next September it will be five years, since a group of Russian companies, which activity in the jewellery market is platinum, has laid a foundation for an innovation project "Russian Platinum Collection". In connection with this, the editorial staff of "PM/PS" and Russian Jewellery Network would like to interview participants of Russian jewellery platinum market.</p>		
CURRENT EVENTS		
Russian jewelry network informs.....111		
<p>Current events of the Russian market of precious metals and stones in August, 2006 are presented by the Russia jewelry network, the leading informative and analytical agency of the Russian diamond and gold-and-platinum branch (http://www.jewellernet.ru).</p>

DIAMONDS AND BRILLIANTS		
Reduction in price for diamonds makes them more attractive 120		
Western analysts recommend purchasing shares of diamond-mining companies rather than diamonds themselves. However, Yakut brilliants enjoy firm demand abroad, especially in USA and Japan.		
GOLD		
Higher price, lower mining 129		
Prices for gold become higher, but its mining in Russia for 2006 as a whole will be 2 tons less than last year, as predicted by the Gold Union. The total volume of mining and manufacturing of Russian gold will amount to approx. 166 tons.		
PLATINUM		
Profits increase, platinum fields grow 138		
Profit markup is conditioned by rise in prices for platinum in the first half of the year owing to increase in demand from jewellers and motor industry, which uses platinum-group metal in the catalyst production.		
EXHIBITIONS		
Jewellers of Russia are ready to open autumnal season! 143		
Jewellery industry becomes more intense, as always toward autumn. Hunting season on lovers of fancy jewels will be opened over the whole territory of the Russian Federation and abroad.		
ILLEGAL TRAFFIC		
Gold, precious stones, jewels etc 150		
Информация о незаконном обороте драгоценных металлов и драгоценных камней на территории Российской Федерации, поступающая в прессу, как правило, опирается лишь на официальные данные о раскрытых преступлениях.		
EQUIVALENT		
JOURNAL-IN-JOURNAL		
Hydrogen Energy and Platinum-group Metals 156		
"Equivalent" is a journal-in-journal which highlights on the DM/DK's pages the issues related to the development and implementation of high technologies on the platinum-group metals market in connection with the development of hydrogen energy. It is edited by the Vice President of the Council of Experts for High Technologies, Doctor of Chemical Sciences, Professor A. A. EVDOKIMOV.		
BERLIN-PM'2006. Platinum metals in modern industry, hydrogen energy, and life support spheres of the future 156		
The Second International Conference of declared problematics on the initiative of the Center for the Development of International Cooperation of Manufacturers and Consumers of Gemstones, and of the Federal State Unitary Enterprise "Supermetall" shall be held on September 11—15, 2006 in Berlin.		
"PM/PS" published reports of teachers, post-graduate students and students of Moscow State Institute of Radio Engineering, Electronics and Automation (MIREA) presented for conference.

A.A. SYGOV, A.A. EVDOKYMOV, V.V. SHINKARENKO. "Sokolynaya Gora": innovation, research and education 157		
Participants of annual international symposium "Hydrogen Energy of Future and Platinum-Group Metals in CIS-countries" initiated the creation of an innovation research and educational center in Moscow. It integrates more than 30 creative teamworks of teachers and pedagogues from institutes of higher education and academic institutes of Russia, Ukraine, Belarus and Kazakhstan.		
A.A. EVDOKYMOV, V.O. KVITKOVSKY, M.S. AFANASJEV, E.V. TKACHENKO. "Sokolynaya Gora": knowledge triangle 159		
Young scientists and students of "Sokolynaya Gora" announce an open competition of scientific ideas, developments and innovation projects. They must be focused on stable energy supply of consumers in social, agrarian and housing and communal sectors of economy.		
M.S. AFANASJEV, I.S. BORISOV, V.N. MITSKEVICH. Estimation of solar energy converters on basis of diamond-type materials 160		
Post-graduate students and students of "Sokolynaya Gora" have carried out calculation of conversion efficiency for UV solar batteries of natural diamonds and constructions of such batteries on basis of synthetic diamond-type materials. Preliminary estimates show their high performance.		
CRIME		
ABOUT MUSEUMS		
Detective serial about the Hermitage 163		
Situation around the "theft from the Hermitage" becomes to look as a detective serial. The mass media follow developments, help to find the truth and prevent such museum crime in future.
